KEEP COOL THIS HOT SUMMER

#7136 "THE COOLING BANDANA"

The Cooling Bandana keeps you cooler outdoors when like hiking, biking, running, cycling, on camping trips and at sporting events. Use it as a neck or head scarf, facemask, headband, rally towel or golf towel. Simply wet with water and wring to activate. The specialized air pocket construction quickly absorbs and retains water better than standard materials and enhances air flow into the damp cloth creating a prolonged cooling effect. The moisture wicking properties draw moisture away from your skin so you stay dry and comfortable. The Cooling Bandana remains dry to the touch. Simply re-wet and wring to reactivate and refresh as necessary. 100% eco-friendly chemical free microfiber polyester construction. Hand Wash Prior to Use.
