Please note: For spot colour imprint, small shifting of imprint cannot be avoided when printing. As each product is manufactured and printed individually, up to 3/16" movement in logo alignment may occur. Hand Sanitizers are intended for individual use and cannot be compared one to another. Small bubbles under vinyl label cannot be avoided as labels are applied manually and cannot be perfectly aligned or compared one to another, or order to order. Clear ingredients label on the back will be visible through the front and may make the imprint difficult to read. Thin lines and small text are not recommended.
